2. Don't take a walk on the frozen creek;
The water's shallow but the cold runs deep.
Frost bitten fingers,
Frost flowered toes.
How many blackbirds? No one knows.
How many blackbirds? No one knows.

3. Went for a swim in the glacier lake;
Ice is melted. How long did it take?
Your eyes as deep,
Your eyes as blue.
Blackbird eyes see right through.
Blackbird eyes see right through.

4. We'll sleep under the frozen sea;
Breathe slow like submarine.
Ice in our lungs,
Ice in our throat.
Blackbird's gone; blackbird goes.
Blackbird's gone; blackbird goes.
