## YOU ARE INVITED

Drop in on Tuesday, September 20th and make a drawing with us that will be included in Tracing Thin Air, a public, video installation on December 2nd.

Tracing Thin Air is a one night only, site specific art event created by Karen Brummund, Allison Grant, and Holland Hopson. Brummund will weave the community drawings into a video projection that will wrap the building. It will be amazing.

You don't need any drawing experience to make your mark on Tuscaloosa. We will provide the paper and pencils. Come to talk with neighbors, learn what was in the building before Alcove, grab a drink, and make art.

**NO DRAWING TALENT IS REQUIRED.  
FEEL FREE TO BRING A FRIEND.**

*This project is created by Karen Brummund, Allison Grant, & Holland Hopson with many supportive community members and funding by the Verdant Fund.*
